**Subject:** Los Angeles Police Department Police Commission - Request for Security Company Information

Dear property / business owner & operator,

A current audit of Private Patrol Service (P664) registrations revealed that many security companies working for Business Improvement Districts (BID) do not have the required Police Commission Permits. The City of Los Angeles, Controllers Office has provided the Los Angeles Police Department with your information as the contact entity for the BID. Please provide the name and contact information of the security company (if any) that provides private patrol services for your BID.

Security Companies working with BIDs within the City of Los Angeles will be given the opportunity to register and obtain the required Private Patrol Service permits and Street Patrol Officer (P683) permits for their security officers. Failure to register and obtain the permits may result in criminal charges being filed against the security company and citations or arrests of their security officers.

Please reply to this e-mail notification with the requested information no later than Friday December 02, 2016, thank you.

Officer Eugene Shin #36191  
Los Angeles Police Department  
Commission Investigation Division  
100 W 1<sup>st</sup> St, Room #147  
Los Angeles, CA 90012
